

Silva Award

Mr Richard Lund

Motivation:

Richard has been a diligent servant of Orienteering for more than a decade and has served at all levels. As a team manager for JWOC, as a club committee member, at the Gauteng Ckubs Committee and as a SAOF member. He has always been a valuable addition to events, working at the finish tables on results and stats that we rely on all the time.

The main motivation is that Richard Lund implemented the schools mapping project which is a significant project in creating awareness of the sport as well as supporting various communities in South Africa.

Richard is always friendly polite and generous. His work ethic has been an inspiration to us all. We believe he is a deserving recipient.

Thanks.

Obo ROC Committee.

Kind regards,

Eugene Botha
