Orienteering Schools League 2018

Orienteering is a sport that requires navigational skills using a map to get from point to point in diverse terrain, and normally moving at speed.

A race is intended to test the navigational skill, concentration and running ability of the competitors. The objective on each leg is to follow the fastest route between controls. The fastest is not always the shortest route, and can depend heavily on route choice. Orienteering is therefore very much a strategic, thinking sport in which the fastest athletes do not necessarily win.

Orienteering is an *excellent complement to team-based sports*. Although runners compete individually they have to be aware of the whole 'playing field' and they have to make quick strategic decisions, constantly adapting to the conditions. This sort of skill is necessary for all team sports such as soccer, rugby, hockey and netball.

Orienteering Schools League - Gauteng (OSL)

The OSL is organised and run by the three Gauteng-based orienteering clubs, RACO, ROC and WITSOC. The league is aimed at learners from Grade 7 to Grade 12.

Primary schools may also participate on request and grades 4 to 7 participants can compete in pairs before the High School pupils.

The Schools League runs annually from January to March. Children are also encouraged to join orienteering at a club level, which runs throughout the year on Sunday mornings as well as on some Saturday evenings. This improves their orienteering skills and makes them eligible for selection in the National SA Youth and Junior Squads. They may then be chosen to take part in international training camps and possibly to represent South Africa at the Junior World Orienteering Champs (JWOC).

Registration forms and fees

Teachers are to hand registration/indemnity forms to Karen Chambers at the training event on **Monday, 29 January 2018**. League fees are **R120 per child**. The **total amount** for your school's participants must be transferred directly to the OSL account – banking details below (reference OSL-SCHOOL NAME). Confirmation of transfer must be handed in with the registration forms or e-mailed to karenchambers@wol.co.za

Banking details

Account name: OSL
Bank: Capitec Bank
Account Number: 139 774 0785
Branch Code: 47-00-10

Procedure at weekly League events

Event-specific information will be emailed to each school prior to each event (e.g. directions, which entrance gate to use so that runners do not walk around the course before the event).

At the event registered runners must proceed to the **registration table** where they will be issued with an electronic punch card and name tag.

Teachers to please hand a list of those not yet registered to Karen. Those athletes will then be called to the table separately once they have been entered into the system and allocated an emit card.

At the start, athletes will be given a start time that is recorded by the starter. Athletes must ensure that their finish time is recorded at the end.

The running of the weekly League events will be assisted by pupils and teachers from all schools. Functions will be allocated on the day but will also include helping to collect controls after the event. This is to be supervised by the organisers. There will be no post-event 'prize giving' or 'lucky draw'. Schools can depart as soon as they are finished.

Results will be distributed by e-mail and posted on the Orienteering Schools League Facebook page. Please check results and send through any queries to karenchambers@wol.co.za as soon as possible. Results will also appear on the event noticeboards and will be finalized and loaded onto the website after the next week's event. Weekly photos will also be posted on the Facebook page.

Maps will have the **control description** (symbols) on them. A guide to these symbols will appear on the notice board at each event and will also be posted on the OSL Facebook page the week before so athletes who would like to print them out and attach to their arms may do so. Schools are encouraged to teach their participants the meaning of the control description symbols.

A **pre-OSL training event** for both newcomers and more experienced Orienteers will be held on **Monday, 29 January 2018**. Once more experienced pupils have been out on the course they can then assist those who are new to the sport. If we have enough volunteers there will also be cone grids available for learning the importance of keeping one's 'map' orientated and being able to plan ahead.

The League events will be held on the **five consecutive Mondays** from the **5th of February to the 5th of March 2018**.

The **League Final** will be held on the **Monday, 12th March 2018**. Approximately 20 athletes from each category will be invited to participate. Selection will be according to overall performance, participation and school representation.

A **Schools Relay Championship** will be held on Sunday 25 March 2018, at the same time as the Gauteng Orienteering Club Relay Championships (GOC). Parents, Teachers and friends also welcome to participate in ADHOC teams and gain points for their school's participation.

Training/coaching

We would also like to assist schools in running their own training sessions.

- (1) 'O in the Box' Level 1 and Level 2 programmes can be downloaded from our website. Laminated copies of materials as well as items like kites and punches can also be purchased. A training session or a Teacher Workshop can be held to teach you how to run the games and activities.
- (2) These two levels cover the **basic techniques** needed to improve your runners' orienteering skills.

These activities can also be included in LO and Geography lessons, Phys Ed or as warm up exercises for other sports.

Furthermore, some of the Gauteng orienteering clubs hold regular training sessions and runners are encouraged to make use of this additional coaching. All Level 1, Level 2 and additional activities are available for download on the orienteering website at www.orienteering.co.za >> Development > School Resources.

Our long-term aim is to assist runners to improve so that they can comfortably participate in the Gauteng Orienteering Championships, which is held annually in June and is open to all Orienteering Club members. Championships are not for the top runners only; everyone – young and old, novice and experienced, social and competitive – are included. Gauteng Champs accommodates three competitive age groups for juniors - boys and girls separately - and is the first step needed to raise a runner's profile. Athletes can then also participate in the SA Champs that are held at the end of September. We aim to get Junior orienteers up to a sufficient standard that they are eligible to be selected for our National Squads and ultimately to represent South Africa overseas at the Junior World Orienteering Champs (JWOC).

2018 Orienteering Schools League (OSL) Timetable

Dates and venues for the 2018 Orienteering Schools League are:

- Monday 29 Jan : Training event Ernest Ullmann Park
- 5 Feb : OSL#1 Jeppe Boys
- 12 Feb : OSL#2 Summit College
- 19 Feb : OSL#3 Heronbridge
- 26 Feb : OSL#4 Delta Park
- 5 March : OSL#5 Golden Harvest
- 12 March : OSL Final Johannesburg Zoo
- Sunday 25 March : **OSL Relays** held in conjunction with Gauteng Club relays St Stithians
- There will also be a schools **Night Golf Course Series** Challenge on Saturday evenings in conjunction with Club events
- **WORLD ORIENTEERING DAY : WEDNESDAY 23 MAY 2018** All schools are encouraged to hold an event/ orienteering activities for as many pupils as possible to be part of this worldwide initiative

sport & recreation

Department:
Sport and Recreation South Africa
REPUBLIC OF SOUTH AFRICA

All events are held under the supervision of the respective Gauteng orienteering club, together with teacher supervision. Events are held on school and park properties. *These venues may change. Schools will be alerted in good time.*

Orienteering Schools League Competition system

Children compete in one of four categories:

- A) Junior boys and junior girls (16 years and under – born 2002 or later)
- B) Senior boys and senior girls (under 20 – born 2001 or before)
- C) Primary boys and girls (all primary school learners)

Older Primary School pupils may go out in pairs and younger children in small groups with an adult.

Note that athletes may run 'up' a level if they choose to i.e. experienced junior orienteers may wish to run the senior courses. This request must be stated clearly on their registration form otherwise they will be placed in the Junior category according to Birth date.

1) School Log event (five events)

Children earn log points within their respective categories based on their finishing time. These points are calculated as a percentage of their time compared to that of the winner within that category, where the winner scores maximum points. The schools are ranked according to the points of their five best runners. The highest scoring school is awarded the schools trophy.

2) Individual final (one event)

This is a winner-takes-all individual race within each of the age categories. Participation is by invitation only and is limited to approximately 90 children. We try to have the best runners, but also to ensure representation across all schools. There are four courses and children race in their respective age categories

3) Schools relay (one event)

There will be boys, girls and mixed relay categories. Teams consist of three members and each team must contain at least one junior member. Entry is not limited to schools or runners that have participated in the League events. We do expect that the schools use the League events to select their most competitive teams. This is a winner takes-all relay within each gender category. We also have a Mixed category catering for different combinations of Girls and Boys or even pupils from different schools to ensure everyone is able to participate.

SAOF will pay for at least two teams per school to participate in the annual Gauteng Orienteering Clubs Relay event. Schools may enter more than only two relay teams. Teachers, parents and friends may also take part in ADHOC relays and help gain points for their school's participation.

4) School Colours for Orienteering

We will gladly advise you on suitable criteria for awarding school colours based on OSL participation and results.
